

To: ThyssenKrupp Materials NA, Inc. Customers
Attention: Manager of Safety, Health and/or Regulatory Affairs
Date: November 23, 2011

Dear Valued Customer:

ThyssenKrupp Materials NA wishes to take this opportunity to thank you for choosing us as your supplier of metal and plastic products and we look forward to continuing to serve you in the future.

In accordance with the Occupational Safety and Health Act of 1970, Standard 1910.1200, we are enclosing Material Safety Data Sheets covering the product(s) you have purchased and also covering other products that you may purchase in the future from ThyssenKrupp Materials. The information contained in the Material Safety Data Sheets (MSDS) should enable your company to use our products in a safe and environmentally sound manner as American industry has for years.

Material Safety Data Sheets are provided for employee health and education training and are not intended to serve as a specification resource. Furthermore, you will notice that the MSDS format is aligned with the expected U.S. format for "Global Harmonized Systems" or GHS. Additional information concerning the precision processed metals and plastics we sell can be found in the company literature.

We appreciate the opportunity to be of service, and if you need additional information, please contact me at your convenience.

Sincerely,

Jim VanValkenburg, CSP
Risk / Safety Manager
