

DECLARATION

The articles 4.1 and 4.2 of the Directive 2002/95/EC dated January 27th, 2003 "on the restriction of the use of certain hazardous substances in electrical and electronic equipment", state that the new electric and electronic equipments put on the market after July 1st, 2006 do not contain polybrominated biphenyls (PBB) or polybrominated diphenyl ethers (PBDE) and contain lead, mercury, cadmium and hexavalent chromium only in the cases foreseen in the Annex.

EUROPA METALLI S.p.A. (Serravalle Scrivia Plant) hereby declare to have taken all the necessary measures to assure that all materials delivered to the customers are conforming to the a.m. Directive.

EUROPA METALLI S.p.A. (Serravalle Scrivia Plant) grant therefore that the materials delivered to its customers since January 1st, 2003 do not contain lead, mercury, cadmium and hexavalent chromium only in the cases foreseen in the Annex of the a.m. Directive.
